HERRAJES ARTESANALES

Se fabrican piezas de metalistería clásica de los últimos siglos. Servicio de restauración de piezas artesanales únicas. Ofrecemos la solución ad-hoc para cada proyecto, creando la manilla que necesite.

SUSTITUIR POMOS

Selección de manillas de diseño, pensadas exclusivamente para sustituir pomos giratorios.

En muchos edificios de viviendas, encontramos las puertas con pomos instalados. En estos casos no es posible sustituir estos pomos por manillas convencionales, puesto que el diámetro de la base del pomo es mucho mayor que el diámetro de una roseta de manilla convencional.

Rosetas con
diámetro 65mm

Tubulares de 60 o
70mm de aguja

Para puertas de 35
o 45mm de grosor

KIT ARCON

Kit de sustitución ARCON,
para convertir manillas
convencionales en manillas
sustitución de pomo
americano. Disponible en
todos los acabados.

FABRICACIÓN ARTESANAL DE HERRAJES DE METAL DE ALTA CALIDAD

Transformamos su idea en producto acabado. Manillas clásicas, llamadores, pomos clásicos, piezas modernistas, condenas y muletillas, topes de puerta, manillones, uñeros, pasadores, etc.

Acabados disponibles: Latón pulido y barnizado, Latón mate, Latón natural, Latón patinado, Latón color cuero, Latón baño cromo brillo, Latón baño cromo mate, Latón baño níquel satinado, Latón antiguo, Latón baño níquel bruñido, Bronce antiguo, Bronce opaco y PVD oro en distintas versiones.

ARCON CUERO

Servicio de forrado de herrajes con cuero. Combinamos materiales puros como el acero inoxidable, el latón o el aluminio con el cuero, en un sinfín de colores. El resultado: una fusión que dará personalidad, exclusividad y calidez a su decoración.

ACCESORIOS

BOCALLAVES, MULETILLAS/CONDENAS

Los bocallaves o embellecedores se instalan en las puertas para tapar el agujero del bombín, protegiéndolas de los rasguños de las llaves y embelleciéndolas.

Las muletillas o condenas son sistemas de cierre con botón de seguridad, para desbloquear la puerta en caso de emergencia. Pensados para proteger la privacidad en baños o habitaciones. Pueden ir equipados con registro de libre/ocupado, para baños públicos.

Bocallaves

Botón exterior con o sin registro

Muletillas/Condenas

Disponibles en todas las formas y acabados. Cerraduras de perfil europeo y cerraduras de gorjas. Cada manilla dispone de su conjunto de accesorios a juego.

Consulta a nuestro departamento comercial.
